What follows is the Cobden Clubs papers, exposed by George Hunt, which complement his UNCED: Earth Summit 1992 presentation regarding the establishment of a global banking system led by the Rothschilds to deal with "environmental" concerns: <https://www.youtube.com/watch?v=JUdgieh9dU>

The documents portend a program of World Government and mass depopulation, led by the Rothschilds, in the name of "saving the planet".

What this shows is that Hunt, though initially not open to validating the document with an affidavit as he did not see the point in doing so, later began to accept the idea.

The point about the "same font" in the Cobden Clubs letters and Hunt's letter to Gephardt was in error, as the Cobden Clubs letters have a smaller font. Some might question this because online knockoffs of the document have the wrong number of Gephardt - [814-631-9959](http://www.qrd.org/qrd/usa/missouri/federal.legislators-MO). But this, a copy of the original, has the right number (cf. <http://www.qrd.org/qrd/usa/missouri/federal.legislators-MO> - accessed 1/30/2015), **314-631-9959**.

Other attacks on the veracity of the document were resolved in this correspondence.

Hello! I haven't heard from you since I mailed the Cobden Clubs literature to you. What conclusions have you drawn about the papers? George Hunt

Helps to corroborate much of the information I have researched. I will be posting it all around the net. Thank you very much.

I wonder if you would mind being interviewed by Jan Irvin. He hosts a website called [gnosticmedia.com](http://gnosticmedia.com)

He has interviewed Eustace Mullins, John Taylor Gatto, and many others. He has different religious ideas than you, but I hope that would not be a problem in getting this information out.

Also, another correspondent of mine, Richard Andrew Grove, also thought your information was vital. His website is [http://tragedyandhope.com/?page\\_id=8](http://tragedyandhope.com/?page_id=8)

I think he would especially like to do an interview.

I showed Jan your video, and he thought it was very important. I sent him scanned copies of the documents.

Jan's email address is [jan@gnosticmedia.com](mailto:jan@gnosticmedia.com)

Richard's email address is [Richard@8thestate.com](mailto:Richard@8thestate.com)

Hello Mr. Hunt,

I have just heard the interview you did with Jan. It thought it was of very high quality, showing the depth of insight that can be established when two serious researchers meet minds. I just have one question.

In the opening letter you gave me concerning the "Cobden Clubs" document, you stated that you "did not know if it is true or just a joke". Is this just because the content of the document is so disturbing that you don't want to believe it's veracity? Is this because you think that the people who attend these kind of meetings have enough of a depraved sense of humor that they would put out this kind of literature (even though it corresponds to other literature put out by their think tanks)?

I would very much like to know what the woman who obtained the document told you about how she got it (e.g. - was this read to the group?, was it in the possession of just one recipient?, etc).

I have scanned copies of the documents onto the computer, and posted them online. I will also post your response to

this question.

Thank you very much for your assistance.

Ben

Hi Ben! Good to hear from you. Sometimes literature is spread to embarrass or defame a person. This is what I meant by a "joke". Not a good choice of words I'll admit.. Maurice Strong was the convener of the 1992 pre-summit in Des Moines yet there were adverse references to him in the Cobden papers. In which case it would be a "joke" that he was the author and as well as a victim in the content. I'm rambling--too lates an hour. The gal who got the goods removed it from a table where it was available. No one could really stop her. She certainly had a lot of chutzpah. Take care. George Hunt

To "Bliss" from George Hunt

Dear "Bliss": Your efforts to spread "thebigbadbank.com" site to others is certainly appreciated. I hope the enclosed confidential documents from the Des Moines Pre-UN Earth Summit meeting will help you and your email acquaintances to get a macro-look at where society may be headed. It doesn't read well for "the lesser races" as they call us.

I believe that my work is directed by and for the Lord and I am following a path He has appointed for me; that is, to expose and attack evil. As you know, it's no simple task to convince people (who have been lied to since they could hear) that evil lurks in our world affairs and systems. It seems that more 9/11-type crises are ahead for America. I expect waves of brutal terrorist attacks on innocent U.S. citizens in shopping centers, etc. will finally awaken Americans that "something is wrong" -- but by then it will be too late.

The enclosed documents were removed from a "no public allowed" private insiders' meeting by a Christian lady who lives in Des Moines, Iowa. She had become an earlier follower of mine and we conspired together to pierce the "no public allowed" private meeting to learn what we could. She was great! When they tried to turn her away she insisted on allowing her to attend by demanding her civil rights to attend, etc. They relented, let her attend, and out she came from the meeting with the enclosed document.

"Cobden Clubs" is mentioned as the originator of the document. They are a London "think tank" that honors the British Anglo-Saxon race system. The Cobdens have an ideal of Britain to rule the world. Cobden Clubs consolidated into a private British aristocratic think-tank when the public gentlemen's club dissolved in 1980. We do not know if the enclosed document is true or just a joke. The information does tie in with other research I have gleaned about England's confederacy with the Rothschild Dynasty and other power-elite Britishers.

I sent a questioning letter (attached) to Representative Gearhardt. He was noted as the "Secretariat for World Order" according to the first page of the "Initiative for ECO-92 Earth Charter". He did not respond to my letter and I did not pursue the evidence any further.

Thank you for your request for the documentation I used in the "Earth Summit 1992" videotape. I hope you use it to your great advantage to expose the New World Order and promote Liberty in our wonderful Country..

Sincerely,

  
George W. Hunt

## INITIATIVE FOR ECO-92 EARTH CHARTER

### 1. THE PRESSING NEED

a. The time is pressing. The Club of Rome was founded in 1968, Limits to Growth was written in 1971, Global 2000 was written in 1979, but insufficient progress has been made in population reduction.

b. Given global instabilities, including those in the former Soviet bloc, the need for firm control of world technology, weaponry, and natural resources, is now absolutely mandatory. The immediate reduction of world population, according to the mid-1970's recommendations of the Draper Fund, must be immediately effected.

c. The present vast overpopulation, now far beyond the world carrying capacity, cannot be answered by future reductions in the birth rate due to contraception, sterilization, abortion, but must be met in the present by the reduction in the numbers presently existing. This must be done by whatever means necessary.

d. The issue is falsely debated between a political and a cultural approach to population and resources, when in fact, faced with stubborn obstruction and day-to-day political expediency which make most of the leaders of the most populous poor countries unreliable, the issue is compulsory cooperation.

e. Compulsory cooperation is not debatable with 166 nations, most of whose leaders are irresolute, conditioned by localist "cultures," and lacking appropriate notions of the New World Order. Debate means delay and forfeiture of our goals and purpose.

f. The U.N. action against Iraq proves conclusively that resolute action on our part can sway other leaders to go along with the necessary program. The Iraq action proves that the aura of power can be projected and sustained and that the wave of history is sweeping forward.

### PERILS TO BE HEEDED

There is a twofold opposition which must be eliminated by quick action. There are rumblings among some of the "South" regions, notably Brazil and Malaysia, to thwart the aims of the UNCED Earth Charter and to thwart the international gathering in Brazil in June 1992.

There is also the unfortunate vacillation in our own ranks, an argument that the UNCED leaders have made made the agenda "too political" and that the way must first be prepared on a less abrasive cultural basis.

We present only the most recent evidence:

\* Gilberto Mello Mourao, the Brazilian writer, warned in the August 4, Folha de Sao Paulo that at Munich in 1938, "It won't be easy to row against the current of that type of ecological epidemic, unleashed against our country, which threatens the structure of our cultural, spiritual, and political values, and against our very national sovereignty.... Messrs. Chamberlain and Daladier, heads of the governments of England and France, calmly offered the Brazilian Amazon to the Fuehrer." Hitler reportedly observed that since the Amazon was in South America, the United States would cite the Monroe Doctrine and reject a German occupation of Brazilian territory. "Chamberlain and Daladier responded that the proposal had Washington's backing."

\* The prime minister of Malaysia, Mahathir Mohamad, announced on Aug. 16 that his country may boycott the Earth Summit and stated that if the conference is used to suppress the Third World, it would be better for these nations to hold their own meeting. Speaking to newsmen in Petaling Jaya, Mahathir claimed that environmentalists have launched a global assault on Malaysia, while it is the developed nations, not Malaysia, who are polluting the environment.

\* Malaysia's Science, Technology, and Environment minister, Law Hieng Ding, announced Aug. 20, according to the New Straits Times of Aug. 23, that Malaysia is preparing a document entitled "Greening the World," urging developed countries to use wealth and technology to turn the deserts green.

\* Ahmed Djoglaf, Algeria's delegate to the Aug. 15 meeting of the U.N. Conference for Environment and Development, said Aug. 23 in Geneva, according to the U.N. Inter Press Service, that "We have the old pattern of the North imposing the system and the South having to accept. Non-governmental organizations are saying that the North has hijacked the agenda, and they are right.... They are prepared to let people die but not forests."

\* The Malaysian Sunday Times editorial of Aug. 16 said, "Environmentalists make so much of their noble mission in protecting the environment which sustains all of us.... They do not credit Malaysians with much intelligence, with a similar concern for the health of the land and themselves. Shades of precious fin de siecle romanticism; visions of the noble savage stalking big game in arboreal groves, in grunting communion with the voices of the land. The same kind of romantic claptrap that got natives all over the world sold down the river into slavery, decimated by smallpox and clap, driven from their land into alcoholism and hopeless helplessness. "Malaysia has had its fill of cultural and intellectual domination...."

\* The Brazilian Jornal de Comercio on Aug. 19 reported that Brazilian Foreign Minister Francisco Rezek said that it was "hypocritical to campaign to preserve flora and fauna.... If the human race becomes extinct, there won't be any sense in preserving an exuberant flora or fauna on this planet."

\* Brazil's chief of staff of the Amazon military command, Gen. Thaumaturgo Sotero Vaz, stated in an interview in the Aug. 28 Folha de Sao Paulo, that the nation's armed forces will not permit Eco-92 resolutions restricting Brazil's sovereignty over the Amazon or creating "Indian nations" within the region. The general did not rule out the possibility that Brazil could be subjected to "something similar to what happened in the Persian Gulf," and declared that persons like Francois Mitterrand and Ted Kennedy would not be permitted to order reductions in or elimination of Brazil's armed forces. Sotero Vaz said, "If those idiots try to come in here, we're going to give it to them and [treat them] like guerrillas...." The governor of the Amazon, Gilberto Mestrinho, stated Sept. 8, "The generals' position is the product of looking at reality."

\* The president of the Industrial Federation of the Brazilian state of Para in the Amazon region, Fernando Flexa Ribiero, was quoted by the press Sept. 14 as stating that environmentalists want to make the Amazon "a sterile preservation." He said Eco-92 could "promote colonialist practices."

\* The Brazilian daily Tribuna de Impresa quoted Joann Grossi, a spokesperson for the U.S. Agency for International Development, as saying that sterilization is the family planning "method preferred by President George Bush to increase the effectiveness of birth control in the Third World."

\* The Italian Catholic weekly *Il Sabato* published a Sept. 14 article by Prof. Franco Cardini stating: "It must be said with utmost clarity that the plans of the International Monetary Fund for the [former] U.S.S.R. and the eastern countries are infamous.... The European Community is in the position to supply not only suggestions, but also capital and technological structures, but all this obstructs the plans of the New World Order, which is strictly hooked to the United States, the country that remains (have we forgotten?) the most indebted country in the world, and is facing a crisis of production exemplified by the crashes of the stock market and the big banks. It is this new frontier that re-emerging liberals would like to propose to the former Soviet Union...." The article has been much discussed in Poland, as the first frontal criticism of the International Monetary Fund and the free-market model from this quarter.

\* India's delegate at the Geneva UNCED negotiations told the Earth Charter organizers, with the support of negotiators from China, the Philippines, Chile, Venezuela, Ethiopia, Ghana, and Malaysia, that "we are not here as supplicants, and we have not come here for aid," but "compensatory financial flows" to underdeveloped nations are required, according to the Sept. 13 Indian press. The delegate, Chandrashekar Dasgupta, also strongly opposed plans to bring environmental matters under the U.N. Security Council, and insisted that "development" be put center stage instead of bracketed next to the environment. He told newsmen that both India and China will have to be satisfied on these questions before they attend the Rio summit, declaring that without the assent of India and China, no charter will be worth the paper it is written on.

\* At the Non-Aligned foreign ministers' meeting in Ghana, India's external affairs, Madhavsinh Solanki, called Sept. 11 for a comprehensive and integrated strategy on debt and a development consensus for this decade. The African group at the conference sponsored an urgent call for an international conference on debt.

\* The U.N. Conference on Trade and Development (UNCTAD) issued its annual report Sept. 16, declaring, according to BBC, that the liberal free market is not an appropriate model for the developing nations. Finance should serve industry, not the other way around, and government has a key role to play in certain sectors of the economy. Directed credit for special projects is sometimes necessary. Developing nations should look to Germany and Japan rather than the U.S. and Britain as examples. The report deplores the tendency to introduce an "Anglo-Saxon" banking system into developing countries.

#### WHAT THE WORLDWIDE FUND FOR NATURE IS SAYING

\* An official of the World Wide Fund for Nature (WWF) said Sept. 10 that the Geneva UNCED results were "absolutely a serious setback. There will be no convention on forests by June 1992 for Brazil. Nobody wants to say it publicly, but the forests convention is finished. The situation has reached a deadlock. This is the first casualty for the UNCED process. Increasingly, UNCED is being broken down into blocs, with the developing sector in one bloc. We heard the statements of Mahathir, and these can be serious. We hope it is just a tactic to precipitate new negotiations, but it has the potential to set the ball rolling and cause other countries besides Malaysia to withdraw. It is a very difficult situation."

\* A senior advisor on ecological affairs to Britain's Prince Philip said Sept. 15 that Eco-92 organizer Maurice Strong had "over-politicized" the issue of environmentalism and had raised "ridiculously messianic expectations"

for the Earth Summit. "Strong is mis-focusing attention away from a clear and present danger confronting the entire ecology movement: the general shift in paradigm toward favoring economic growth, in the former communist nations.... We should be avoiding too much overt politicking. We should concentrate on change-of-awareness models, and attack the underlying ethical-moral considerations that motivate people. Eastern Europe and the Soviet Union, that is our biggest challenge. We will have a major problem if they try to achieve the level of economic growth of the advanced Western nations. This is potentially one of our biggest challenges, and Prince Philip is getting more and more involved in dealing with it.

"Strong is somebody who spent too much time at his wife's New Age center, it obviously touched his mind. It all reminds me of the so-called Millerites of the 19th century, who predicted that the world would come to an end at some point in 1844, so they all went into the mountains to prepare. The world didn't come to an end, and the Millerites became the Jehovah's Witnesses. That is what I see happening with the Earth Summit. Just listen to Strong talk about 'the most significant event in human history ever,' and 'the last chance to save the planet.' What could be more ridiculous, and guaranteed to create a mess? We see the backlash already, in the reactions of various Third World countries."

#### WHAT MUST BE DONE

In the face of mounting opposition from Third World elements, certain forces in the Eastern European and Russian regions, and by the Vatican, and certain weak-kneed response within the ecology effort, what really is the purpose of traipsing around America to convince a handful of farmers, unionists, local officials, churchmen, and university environmentalists of the necessity of the Earth Charter? If one truly wished to convert the American public, would it not be necessary to say fully, openly and explicitly what must be done? And that it must be done now?

Do you really imagine that parading some Third Worlders before "hearings" conducted by local celebrities, the Third World will simply quiet down, or that the American press coverage of these events will overwhelm this opposition?

Will you take action now that President Bush has the political momentum or wait until you must convince America to fight a hundred Vietnams simultaneously? This is the time to save the Anglo-Saxon race and its most glorious production, the Anglo-Saxon system of banking, insurance and trade.

We are the living sponsors of the great Cecil Rhodes will of 1877, in which Rhodes devoted his fortune to: 'The extension of British rule throughout the world... the colonization by British subjects of the entire Continent of Africa, the Holy Land, the Valley of the Euphrates, the islands of Cyprus and Candia, the whole of South America, the islands of the Pacific not heretofore possessed by Great Britain, the whole of the Malay Archipelago, the seaboard of China and Japan, the ultimate recovery of the United States of America as an integral part of the British Empire...."

We stand with Lord Milner's Credo. We too, are "British Race Patriots" and our patriotism is "the speech, the tradition, the principles, the aspirations of the British Race." Do you fear to take this stand, at the very last moment when this purpose can be realized? Do you not see that failure now, is to be pulled down by the billions of Lilliputians of lesser race who care little or nothing for the Anglo-Saxon system?

THEREFORE THE FOLLOWING POLICY MUST BE IMPLEMENTED:

A. The Security Council of the U.N., led by the Anglo-Saxon Major Nation powers, will decree that henceforth, the Security Council will inform all nations that its suffrage on population has ended, that all nations have quotas for REDUCTION on a yearly basis, which will be enforced by the Security Council by selective or total embargo of credit, items of trade including food and medicine, or by military force, when required.

B. The Security Council of the U.N. will inform all nations that outmoded notions of national sovereignty will be discarded and that the Security Council has complete legal, military, and economic jurisdiction in any region in the world and that this will be enforced by the Major Nations of the Security Council.

C. The Security Council of the U.N. will take possession of all natural resources, including the watersheds and great forests, to be used and preserved for the good of the Major Nations of the Security Council.

D. The Security Council of the U.N. will explain that not all races and peoples are equal, nor should they be. Those races proven superior by superior achievements ought to rule the lesser races, caring for them on suffrage that they cooperate with the Security Council. Decision making, including banking, trade, currency rates, and economic development plans, will be made in stewardship by the Major Nations.

E. All of the above constitute the New World Order, in which Order, all nations, regions and races will cooperate with the decisions of the Major Nations of the Security Council.

The purpose of this document is to demonstrate that action delayed could well be fatal. All could be lost if mere opposition by minor races is tolerated and the unfortunate vacillations of our closest comrades is cause for our hesitations. Open declaration of intent followed by decisive force is the final solution. This must be done before any shock hits our financial markets, tarnishing our credibility and perhaps diminishing our force.

*Gephardt's Secretary*  
Congressman Richard A Gephardt  
Attn: Adrienne  
9959 Gravois  
St. Louis MO 63123

Dear Congressman Gephardt:

Adrienne asked me to send this literature to you. It bears your telephone number, but certainly doesn't seem to represent your political mind. It emerged at the UNCED conference held in Des Moines on September 22, 1991 where an acquaintance was gleaning information about the ECO-92 meeting to be held in Rio in June 1992.

Though the paper speaks against Maurice Strong, we have reason to think that people in his camp distributed this rascist literature. Why he would "shoot himself in the foot" is beyond me. And why he would insinuate you as the creator of this volatile literature is still another puzzle of which, perhaps, you may already know.

Strong is stirring up controversy about the Rio meeting. He will preside as the Secretary-General of the Conference. An article not included with these papers quotes his speculations that a world financial collapse will be precipitated by the Rio meeting. Many are watching and listening as this Rio Conference unfolds.

Our country has been undermined by the same sorts of persons who convened the Des Moines UNCED ("unsaid") Conference. We seem to be powerless to stop them. It must be doubly hard on you, Congressman Gephardt, to serve in these last years of our Constitution, seeing how we have lost control of our affairs as we ooze toward the brink. When foreigners like Maurice Strong can thwart our laws and dismantle American systems at will (I have proof of these statements) right under our noses and get away with them, any discerning American can see "the fat lady rising up to sing".

It seems that you and your colleagues are much too busy with other agendaes than to follow the machinations of M. Strong and his European treasure hunters, but if Strong is truly responsible for placing your phone number on this literature, you may have some real problems at hand.

Sincerely,

Thank you for the Cobden clubs papers.

I have them here (you might want to post them on your website): [http://ia600403.us.archive.org/18/items/GeorgeHuntUncedEarthSummit1992cobdenClubsPapersaldousHuxleythe\\_125/1-1-the-cobdenClubsPapers.pdf](http://ia600403.us.archive.org/18/items/GeorgeHuntUncedEarthSummit1992cobdenClubsPapersaldousHuxleythe_125/1-1-the-cobdenClubsPapers.pdf)

For them to genuinely count as evidence, it would be helpful to have an **affadavit** attesting to the veracity of everything you stated. For instance, at the end of this document is such an affidavit: <http://www.markdice.com/documents/grillfire.pdf>

A similar affidavit would be useful for this document you gave me.

However, the default reaction of most people would be to dismiss them.

Hence getting an affidavit ASAP is imperative, as it would buttress your position. I strongly suggest doing this, again, as soon as possible.

Blissentia Group: If there is a doubter in the crowd after viewing my presentation and my evidence, that doubter would simply laugh at an affidavit. Denial is denial.

The matter of the "same type font" being a subject of doubt to you or others, may suggest that someone in your group may be trying to disrepute me or give me a hard time.

I have noted the change of persons communicating with in Blissentia. This change caused a bit of surprise and anger me because I was very confidential and close to Pat ( her supposed nom de plume).

To relieve your angst about my veracity, I can only suggest that you consider having a chemical analysis of the ink or paper or some other possible sources of clues. If you find a trail, perhaps you'll be content with what you discover and take it from there.

The ultimate test of truth is "What George said coming to pass?"

Before I close I just posted a new video about "The African Internet and Silicon Valley". It's pretty good.

Dear Ben: OK, I see where you are coming from. No problem. What is the essence of the "case" this unknown person is pursuing and where does the Cobden Clubs info fit in? By the way, my "African Internet and Silicon Valley" videotape is now at thebigbadbank.com and YouTube. We've been tricked out of \$300 billion by "The Alliance for an Affordable Internet" partnership working with Obama and H. Clinton's State Department..

The story is just breaking and if you agree with the content, would your group please forward it to other sites with whom you share news and events? Thank you. Sincerely, George Hunt

Some kind of NAU case. I lost contact with him.

Regardless, the affidavit would be helpful for all future references to the Cobden Clubs papers and your video.

I don't have a group. I am just one person. I had a correspondence with Jan Irvin, and thus you were interviewed by him, but that is the extent of the "group" aspect.

"Blissentia" is an old pseudonym - because of an email error it appears instead of my name in these messages. I didn't create any turmoil. I'm just reminded of an old case, and thought it would be a good idea for you to make an affidavit anyway. See the "Crazy for Canada" comments in the comments section here - scroll down:  
[http://www.youtube.com/watch?v=JUdgiehz9dU&lc=AodcQFEI335wczldDuyzqXj0AAKnBJ\\_\\_c1Qc7q0yRYc](http://www.youtube.com/watch?v=JUdgiehz9dU&lc=AodcQFEI335wczldDuyzqXj0AAKnBJ__c1Qc7q0yRYc)

I was confused over what was being requested.

I think it would be a good idea to get an affidavit anyway.

This old case seems to have lost relevance, but the existence of an affidavit would greatly help us.

Hello Mr. Hunt,

I am forwarding you this thread to show you the caliber of my research. The original citation in this thread, from judische rundschau, shows that Zionism as a political movement has the attributes of Zionism as described in the Protocols of Zion. You are no doubt aware of the work of Peter Myers showing the forgery arguments of Norman Cohn to be flawed, there is some correspondence with him in this thread.

As for the Jewish Chronicle items - the reason for that is that the Jewish Chronicle made some very important admissions that are featured in this item of mine that contains some rare items that previously were not on the internet: <http://archive.org/details/LesDerniersJoursDesRomanof>

I am currently not in a position to take legal action - my actions at this time are the assembling of proofs for others to use. However, I will be in the position to take actions in a few years, and in a month in a half, I will be meeting somebody who does have the resources to take legal action. I do not have the contact information of this person - I will be handing him the Cobden Clubs papers and related material in person.

By this time, it would be very helpful to have a signed affidavit from you so that he might move forward with this. Additionally, it would help me immensely in spreading this information, removing all doubts of the skeptics.

The reason I thought of the affidavit is because I was reading a book called "U.S. money vs. corporation currency, "Aldrich plan." Wall street confessions!": <http://archive.org/details/usmoneyvscorpor00crozgoog>

- it begins with a signed affidavit establishing the veracity of the letters with which Crozier makes his claims. As you probably know, this established his credibility, and he went on to testify in the Senate because of this.

I then found an affidavit establishing the veracity of some rather important facts about 9/11: <http://www.codenamegrillfire.com>

And then was reminded of the Cobden Clubs papers.

This is something that needs to be done for all documents that are of the gravity of the Cobden Clubs literature you gave me - which are the most explicit proof of the New World Order I am aware of.

In the comments to the youtube video - I expressed some confusion as to what was required with an affidavit, not really understanding the meaning and implications of it - I was 19 at the time, so I hope you can understand my ignorance of legal matters. But now, we are here, I have full awareness of the procedure, involving a notary, etc., so there is no confusion that caused the error in communication that might have turned you off in the comments to the video.

Your document, along with the Protocols, and a third document that I will attempt to obtain after this that, if genuine, would show the existence of a planned microchipping agenda (in the same way your document shows the existence of a World Government and depopulation agenda and the full implications of it), is one of the most important political documents of the last 150 years. *For future generations*, it would be a great service for you to assist in this endeavor, this would be a *tremendously* benevolent action.

I apologize for the obsessive compulsive nature of my previous comments to you, but considering the gravity of the situation, I hope you can understand why I was so emphatic.

My new address, should you go through with this, is as follows:

Dear Mr. Steigmann: I closely read your Bolshevik history and, of course, I compliment you for some of the most excellent research I have read. I, too, have done parallel research from a financial lens. The Rothschild Dynasty

funded the Bolshevik revolution and the leading actors were all Jewish and/or intellectuals of their belief system-- Might means Right. An aside, Rothschild allegedly threatened that he would annihilate the Czar because the Czar rejected Rothschild's early plan of a New World Order. He fulfilled his threat when the Czar and family were executed.

Yes, I will get the affidavit of the Cobden Clubs papers and will seek information about a simple way to get it done.

I take my hat off to you for your obvious clarity, style and perception and I shall send copies of the affidavits. Now I have to locate the original copy in my files.

I have a personal question. Your German name may also be a Jewish name. I am a Jew through German relatives and wonder if you are also Jewish. I have a friend named "Brother Nathanael" who left the Jewish faith and is now an extreme Christian. His information on his Brother Nathanael site is interesting and valid. We are witnessing a rapid rise of the Rothschild Zionist Jewish Bolshevik Anglo-Saxon world government. They believe they are greater than anyone in the world and they seem to have no fear of God. They covet and are filled with jealousy, etc.

The Clinton in London info was fascinating. I wonder what crimes he committed? Wow. My research about him has led me to the possibility that he is a Rockefeller through Arkansas Governor Whitney Rockefeller. Just Street Talk of course, but possible. Thanks for your kind verification and validation of your work. By the way, I have subscribed to Skype. My outgoing speech does not work yet. Mike problems.

Sincerely, George Hunt

I have Jewish ancestry, but no association with anything Jewish. I have mostly a European background. I promote Douglas Reed's book "The Controversy of Zion" as I believe he avoided all the pitfalls people get into when looking into this - he understood it was a spiritual issue at the core.

You encouraged me to look into the Rothschilds - I wrote the following - a nucleus for further research. It ties up a lot of loose ends, and I think you will have a good opinion of it: <http://archive.org/details/SummaryOfRothschildPower>

I have massively expanded my research into some of the avenues explored in that [archive.org](http://archive.org) item. You may have a better opinion of a blog post I will put up in the next couple of weeks, which will incorporate some of that research.

All of this is a rough draft for a project that I will most likely complete within the next couple of years.

The help you have offered in your email will further strengthen my project.

As far as other items you have addressed are concerned - I do believe that part of the spiritual life is dematerialization of base impulses - thus a Saintly life would come not necessarily from fear, but naturally, as that which obfuscates it dissolves. This involves the dissolution of fear, and can be quite hellish, but the total health and clarity that comes from it is important - going through this, one becomes a different human being. It is a purification - and prayer can be pivotal in bringing it about. The prayer, for me, was to completely surrender my life to God. I don't know what will come of it, but some previous severe problems in my life have disappeared. I view myself more and more as an instrument for the liberation of others.

It would appear that some of the people we are speaking of have chosen the other route to gain **only a minor**

**power**, but a power that gives some negative effect at the present time, only because others have been artificially kept down. I speak of this from personal experience with psychedelic drugs (that were initially marketed under false pretenses - Jan Irvin, who interviewed you, showed how the psychedelic movement is a part of the New World Order: <http://www.gnosticmedia.com/magic-mushrooms-and-the-psychedelic-revolution-beginning-a-new-history-or-the-secret-history-of-magic-mushrooms-by-jan-irvin-144-2/>) - where I did come into contact with the demonic side of life. This was resolved through prayer which took me through a hellish time, but dissolved those base impulses.

However, there is a limit to their power. For the most part, they have delusions of grandeur.

I do not believe they will succeed. I believe that this will involve other factors, not just material ones, but that action at all levels is important - that it is a material reflection of other non-material factors. Thus I applaud your action, and I am glad to assist you in it.

Your job right now as a patriot is to distribute the info that I have already provided, and PUSH IT. If the document is so fantastically important, have you informed others of the evidence you have received from me yet? Have you done anything to spread the word except ask for more "proof"? Have you sent a copy of your documents to Mr. Garrison yet? I don't think you've done your homework to get these documents out on the streets Ben. Sincerely, George

Hello Mr. Hunt,

your refusal to provide an affidavit is ill advised. By doing so, you bear a partial responsibility for what you expose, since action cannot be taken unless you validate the information. When you do get an affidavit for this, your information could be put to use, and use of it could act as a precedent for actions pertaining to items that derive from this. For now, we are rendered impotent. This is truly unfortunate, and is in direct opposition to the spirit of action you were calling for when you released this information.

Hi Ben: I lack your sense of urgency around this subject. The evidence from the Des Moines conference is supported by my videotapes in which I have actually showed enough of its content and my own testimony.that the viewers' own cognitive dissonance and denial is their problem at that point. That person's problem is not yours or mine. I give you permission, however, to tell that skeptic in your life who is not convincible to personally telephone me. I'll tell him how it all happened. If satisfactory, send me an email with his phone number. I believe I am well-known for credibility as I actually attended Rothschild's meeting, have the tapes, pictures, and so on. Must go. Thanks for the notes to me. Have a great holiday season and New Year. Sincerely, George Hunt
